iMatchCode™

IMC200-1H1 Advanced

Accurate labeling is critically important to your business!

Complete Turnkey Barcode Verification System

Label verification is now so easy! Just set the key switch to “TEACH”. Then swipe the barcoded label at the scanner and the system stores this reference code. You are done!

Any label that does not match this reference barcode will be rejected. You can stop the labeler or eject the product. The **iMatchCode™** unit will beep and the Alarm light will come on for one (1) second.

Highlights:

- Symbolologies: UPC, ITF, code 39, code 128, I 2 OF 5, EAN, Pharmacode, QR code, Data Matrix, Aztec Code, PDF417, MaxiCode
- Laser, CCD, Vision
